Dear visitors,

from 9.5.2020 there are modified regulations concerning the ban on visiting and entering Bavarian hospitals.

The regulations are:

- each patient may receive visits once a day during a certain visiting time, either a relative or another specified person (in case of underage children also by both parents or guardians)
- all visitors are required to complete a form on ward with personal data
- you must wear a face mask and remain at a minimum distance of 1.5 metres
- please disinfect your hands when entering the hospital
- the duration of visit is limited to 60 minutes, for intensive care units to 30 minutes
- visitors with symptoms of illness (cough, fever...) or who have had contact with infected persons (Covid-19) are not allowed

**Visiting hours**

**Department of Psychiatry and Psychotherapy**

all wards from 14 to 18 o'clock

**Department of neurology and neurological rehabilitation**

all wards from 14 to 18 o'clock

intensive care unit / stroke unit from 15 to 18 o'clock

**Department of Neurosurgery**

all wards from 15 to 18 o'clock

We thank you for your cooperation and understanding

Kind regards

Management of hospital
